

Product Profile Sheet

Part No: PC13G

Category: Primary Round Cells - Extra Heavy Duty

Brand: Powercell

Voltage: 1.5V

Capacity: N/A

Size: D- Dia 34.2mm x H 61.5mm

Chemistry: Extra Heavy Duty

Description	1.5V "D" Size Powercell Extra Heavy Bulk shrink of 2
--------------------	--

Features & Benefits	Powercell Extra Heavy Duty D size delivers solid performance in " low drain application ", and good value for money
--------------------------------	--

Cross Reference:	
Replaces Battery Model No:	1250,R20,SUM-1
Suits Model Number:	Numerous devices - please check owners manual for battery size and type best suited to the application

Unit of Measure: Each Weight * : 199g per shrink of 2
 Carton Dimensions* : 425 x 355 x 160 @24.4kgs
 Inner box qty 24 wt. 2.448kgs
